

CENTRAL OHIO NUMISMATIC ASSOCIATION

Box 1561, Dublin, OH 43017

October, 2018

- When:** 7 p.m., Oct 17
Where: Oakstone Academy
900 Club Dr., Westerville
Who: Mike Ferryman
Topic: Fractional Currency shield

October presentation

Mike Ferryman is going to bring his massive 20x25-inch fractional currency shield to the October meeting and talk about the shield's purpose and history. In the 1860s the U.S. Treasury produced framed shields of the new fractional currency issues to familiarize bank tellers with the bills. The 39 notes on the shield were printed on one side only.

September presentation

Coin World Senior Editor Jeff Starck discussed his career, the need to connect with YNs and collecting affordable coins.

Starck said he became interested in coin collecting in 1995 when a double die cent captured collectors imagination. That interest led to an internship with Coin World and eventually a full-time position.

Responsible for foreign coin coverage, Starck said he has covered coin shows in Berlin a dozen times as well as Tokyo and, last winter, Beijing.

"It's wonderful that wherever you go in the hobby there are so many similarities," he said.

He noted, thought, that modern issues and commemorative medals take center stage in China. Coin World's booth at the Beijing International Coin Exposition was mobbed when the newspaper distributed 500 silver-plated medals showing a buffalo on one side and a panda on the other.

He said he's seen the medals offered on auction sites for as much as \$50.

One area of affordable interest are the coins struck by the U.S. Mint's for other nations, he said.

He referred collectors to the online Collector's Checklist for Foreign Type Coins Made by United States Government Mints --- libertycoinservice.com/wp-content/uploads/learning-center/collectors-checklist-foreign-coins-by-us-mint-type.pdf

September winners

Door prizes: Joan [redacted], Karl [redacted], Fred [redacted] and Harold [redacted]

Quiz: John Roberts

Raffle: Fred

50/50: George [redacted] wasn't present, so the \$137 pot rolls over.

CONA medal

We're getting close to commissioning a medal to give presenters and others being honored by the association.

Currently we're looking at the two designs at top featuring a green hat and an outline of the state. The reverse will be a stock reverse similar to the one at the right. We will have to pay to have the obverse die engraved but will use the stock reverse die at no charge.

At the October meeting, we'll discuss the designs and decide on the next step.

Raffle

The October raffle will feature a 2008 Silver U. S. Proof Set. Tickets are \$1 each; 6 for \$5; 13 for \$10.

FOR NOVEMBER: Once again I will have a secondary raffle. How it will work...buy \$5 of tickets for the MAIN raffle item, then you will also get ONE ticket on a chance on one of about a dozen items. That ticket will be good until it is drawn, or prizes are gone. Again, this is for NOVEMBER ONLY!!**Gary**

From our ANA rep

Wow what a vacation, Gettysburg, Valley Forge, the Liberty Bell, Independence Hall and the Worlds Fair of Money ... A great trip and topped off by getting to hold the George Washington gold piece that sold for over \$1.6 million. Picture ID, credit card (I laughed. The opening bid was \$700,000 ,like my credit card had that kind of limit.) Even had a bid card, yea in my dreams. It was still exciting to hold a of coin that has only been in seven different people's hands since 1792, just think of all the history. Yes they even took my picture for me holding the gold piece.

We had over 20 district reps attend the Saturday morning meeting with lots of new things happening with the ANA and our educational outreach (more to come on this). All in all it was a great vacation and if you have never attended a convention of this size you need to. Three days on the bourse floor and I know I did not see all there was to see... Till next month --
